For Security Token Offering

The world's first shariah compliant ESG digital assets exchange

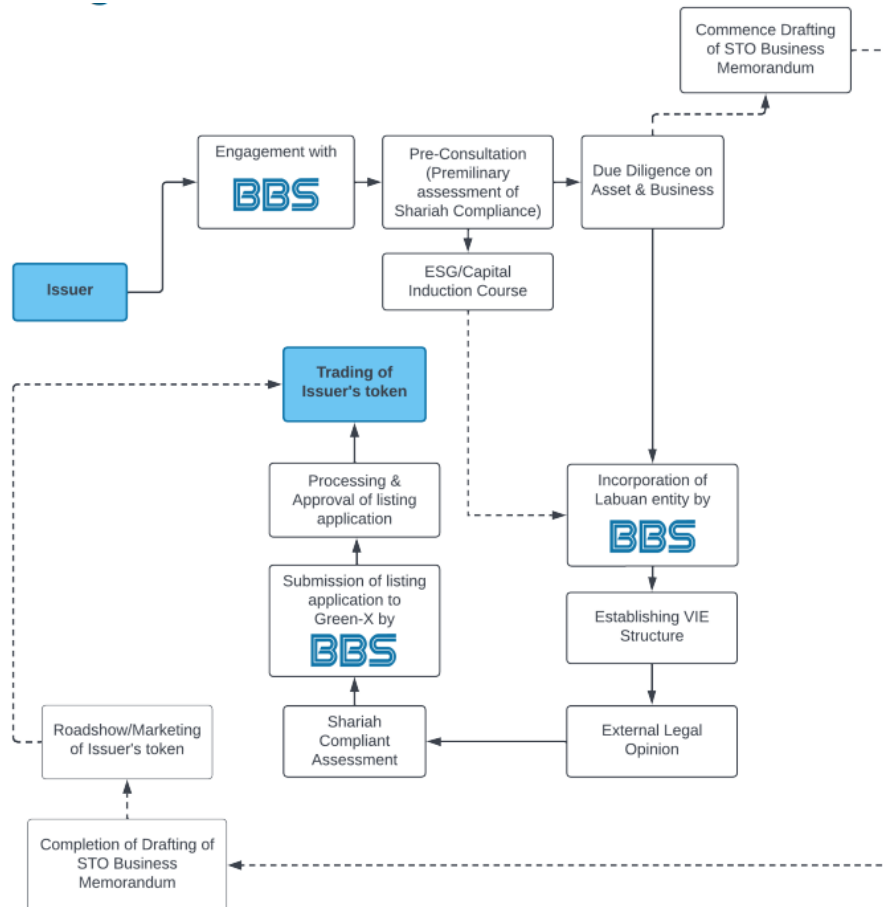

Green-X Exchange is a world leading Shariah-Compliant and ESG Digital Assets Exchange that allows users to buy and sell digital assets with fiat currency. Green-X is officiated by the Labuan Financial Services Authority (LFSA), International Shariah Research Academy (ISRA), ESG Global and SME Association of Malaysia. The launch of Green-X is in line with the initiatives under the Labuan IBFC Blueprint to promote Labuan as a well-recognized Islamic International Centre. The Exchange is expected to be the main driver in contributing to the establishment of Islamic Digital Asset Center, or IDAC, embracing digital innovations to transform businesses beyond conventional model to improve market access, evolve financial products and promote greater financial inclusivity. Green-X strives to provide the users with a trusted and secured online platform and building a diverse ecosystem of products and services; mainly focusing on asset backed digital assets via licensed and regulated tokenization processes through Security Token Offerings (STO).
